

Mark II's team spirit has been seen  
At many times of late  
(And surely by this phrase we mean  
The Toc H spirit great)

On field of play, on running track  
Team spirit has been shown  
Not in our jobs let us not lack  
This spirit of our own

So, if we lead in Toc H sport  
(Our number being great)  
Let us not drop behind in aught  
Or start our share too late

Sport's a good thing, and augers well  
For Toc H everywhere;  
But let not our sport the *unreadable*  
To trap and to ensnare

Service and fellowship are here  
Worthily let them stay:  
Choose well your jobs and never fear  
TO CHange chaps day by day!

Each one of us at every hour  
Spreads Toc H far and wide-  
Either by word – bitter and sour –  
Or else in humble pride

Pride in our Elder Brethren,  
Pride in our jobs well done,  
Pride in our life of Service – then  
LIFE – when our race is run
